

The James Hornsby School

Together we excel

24 March 2020

Dear Parent/Carer

As you are aware the school was open this morning for the children from key workers families and other selected vulnerable groups.

Thank you for taking the Government advice about keeping families at home where possible. As of this morning, we had no children attend the school.

We will continue to keep the school open as advised by the Government and DfE during this time however it is also important to protect the health and wellbeing of the staff so please could I ask that any families from Keyworkers needing the James Hornsby School for educational provision, please email admin@jameshornsby.essex.sch.uk by 8.00 pm the night before the next school day in order for the school to plan for the health and wellbeing of everyone.

The school will continue to be open tomorrow but please can I advise families to inform us of anyone due to attend. Please keep safe and follow Government advice.

We will be writing to families in the next couple of days.

Yours sincerely

MR D STEEL
Headteacher
